## San Diego's Top 10 Malls Places to Go ~ Things to Do.....

If you are looking to shop, dine or go to the movies you may find all in one of these great malls San Diego has to offer. No matter where you are in this fine town of ours you are not far from a mall you can crawl just for fun.

Memorial Day, 2010

Another young man was killed yesterday in Afghanistan. 28 year old Staff Sergeant Edwin Rivera, United States Army Reserve, Waterford, Connecticut, succumbed to wounds received as a result of 'indirect fire'.

When I first read of this I was struck by the fact that he was from my backyard, my neighborhood, my state.

I quickly realized, however, that it doesn't matter that he was from a couple of towns away, he could have been from Eugene, or Albuquerque, or Tampa...Edwin was somebody's neighbor, somebody's friend, somebody's son.... he was everybody's neighbor and friend and son.... He was - and is - an American Hero....

Whatever the hell 'indirect fire' means, the fact of the matter is that this young man's life ended while he was trying to help do something right, something pure, something good for strangers in a strange and dusty land...For strange and dusty people who only want what we have, what was guaranteed us by very brave men and women two centuries ago.... Life, Liberty, the Pursuit of Happiness.... **FREEDOM.**

Our sons and friends and neighbors have been fighting and dying to defend and ensure these ideals for us and for others around the world for generations.... We may disagree, criticize and question our government and its decisions.... oddly enough, the right to disagree, criticize and question is precisely what we, as Americans, are all about and what we desire-and fight for - for others.

This Monday is Memorial Day, it is not a holiday, it is not a day off, it is not a day to barbecue and drink and buy a car or a mattress, although that is our right.

It is not a day to celebrate.... it is a day to reflect - and dignify - with quiet respect. Attend a parade, hold your hand over your heart as our flag passes by...visit a Veteran's cemetery and tell your kids why it is so important that you're there.... Find a Vet, look him in the eye and shake his hand while you thank him for his service.

This is Memorial Day.....  
**This is Edwin's day.**

Thank you and may God Bless America

Well it has been a while since we have posted any new news as we have been busy making new friends. We are very excited about our new friend because it involves helping our veterans nationwide.

"Not enough is being done - on any level - for U.S. Military veterans and their families."

This is a call to action.... We are Vets-Cars.com.... a unique Veteran owned internet based vehicle buying and referral service for U.S. Vets and their families, as well as Americans on active duty. Vets-Cars.com is creating a nationwide network of auto dealers who have pledged to help, in their way, make the above statement obsolete.

If you are looking for a pre-owned vehicle and hear the words **GIANT USED CAR TENT SALE.... RUN** far away. It would be the last place one would get a good deal. Most of the dealers at these sales are small independents that buy a lot of their vehicles from the bigger franchises. These are vehicles that most of the time the franchises do not considered suitable for retail on their own lots. Vehicles are marked up to give the illusion of a discount when they take money off the price during negotiations. They have to pay for being at that tent sale or should we say you have to pay for them being there. So beware and do your homework before purchasing at one of these **GIANT USED CAR TENT SALES** or call us and we will be happy to help find your next vehicle.

Phoenix7 Auto Services was started to help keep the Marines, Navy, Army and Air Force personnel out of harms way of the auto buying process.

You can find us on Miramar Air Base (MCAS) from the 16th to the end of each month. To get more information and to see a sample of inventory, just click on the Autos button below.
